In July 1993, by Resolution No. 93-49, the City entered into an Agreement with other cities and Contra Costa County (as the Urban County representative) to participate in the CDBG and HOME program. Pursuant to the terms of the Agreement, the costs for administering the programs are borne by the County, and requalification must occur every three year period for the City to receive CDBG and HOME funds.

Over the next 22 years, the parties to the Agreement continued to extend its terms, making various amendments as requested and required by the federal government.

In 2017, an amendment was signed by the City Manager to include a provision which insured CDBG funds were properly used and distributed to eligible activities under Title 1 Housing and Community Development Act of 1974.
