FISCAL IMPACT

BACKGROUND

On November 16, 2022, Amy Tilley, the Executive Director of the Downtown Brentwood Coalition (DBC), presented to the Arts Commission regarding a potential collaboration for the installation of public art bike racks in Downtown Brentwood. In April 2023, an Ad-Hoc Committee was established to explore the project further.

Recently, Amy Tilley stepped down from her role as Executive Director of the DBC. While her departure may affect the project's progress, it is uncertain to what extent. As a result, City Staff recommends that the Arts Commission table the project for the remainder of 2024. In 2025, the Ad-Hoc Committee will reconvene to discuss whether the Arts Commission should proceed with the bike rack project, including its funding, design, and management.
